

# STREET LEVEL PHOTOWORKS

## Film processing

All films hand loaded onto spirals, 35mm and 120 B&W films are hand processed.

All C-41 and large format B&W and films are machine-processed in a JOBO ATL 1500.

We use Ilford ID-11 fine grain developer for B&W processing and Fuji C-41 chemistry for colour processing.

Other B&W developers and film formats are available on request, as well as push, pull and cross processing with price adjustments

Format	Price	Digital contact sheet*
B&W 35mm - up to 2 films	£20 and £10 per roll of additional films**	+ £2 per roll
B&W 120mm - up to 2 films	£20 and £10 per roll of additional films**	+ £2 per roll
B&W 5x4 - up to 6 sheets	£60 and £10 per sheet of additional film**	+ £2 per sheet
Colour 35mm - up to 5 rolls	£60 and £12 per roll of additional films	+ £2 per roll
Colour 120mm - up to 5 rolls	£60 and £12 per roll of additional films	+ £2 per roll
Colour 5x4 - up to 8 sheets	£80 and £12 per sheet of additional films	+ £2 per sheet

We can process other formats up to 10x8 sheet film, prices on request.

\*Digital contact sheets supplied as .jpeg or .tif 10mb / 40mb at the same time as processing

\*\*Additional price for B&W films only applies to films of the same type, e.g 3x rolls of HP5

## Negative Scanning

We offer a range of scanning services including digital contact sheets made on our Epson 1000XL flatbed scanner and high-resolution negative scans made on our Hasselblad Flextight X5. We can scan 35mm, 35mm Slides, 120, 5x4 & 10x8 sheet film.

Type of Scan	Straight Scan	Scan with corrections
Epson 1000XL flatbed Digital Contact Sheet supplied as .jpeg or .tif (approx. 5mb/40mb)	£5*	N/A
Hasselblad X5 Medium Resolution supplied as 16bit .tif (approx 140mb)	£20 for the first scan additional scans at £8 per frame	+£5 per scan
Hasselblad X5 High Resolution 35mm / 120 supplied as 16bit .tif (approx 300mb)	£30 for the first scan additional scans at £10 per frame	+£5 per scan

\*Reductions apply in conjunction with film processing – please see film processing price list for more information

## Darkroom printing

We offer a bespoke silver gelatin hand printing service; with all prints hand processed in our darkroom on a Devere enlarger.

We print on fibre-based paper in a gloss or matte finish. Warmtone & other specialist papers, lith printing and toning are available on request with price adjustments.

Print size	First print*	Subsequent prints (from same negative)
8x10" Minimum order of three 8x10 prints	£25	£10
16x20	£60	£25
20x24	£80	£35

\*Please note we reserve the right to discuss and alter pricing if a negative is particularly complex or time-consuming to print.

We offer a 10% discount to Street Level Members.

All our services are hand done by our dedicated specialist Lachlan Young.
